

**Tait & Associates, Inc.**  
Engineering • Architecture • Environmental

February 7, 2006

To whom it may concern:

Rod Wolf has been providing Tait and Associates, Inc. contract surveyors for the past 6 months. He has provided construction staking and boundary and topographic field services. We have found all of his staff to be well trained and reliable.

Rod has proven to be accommodating regarding scheduling, data formats and providing client specific billing formats.

I have recommended Rod Wolf to other companies seeking supplemental field surveying services.

Sincerely

TAIT & ASSOCIATES, INC

*Michael Simon*

Michael Simon, P.L.S.
